### **Tailored Marketing Inc.**

October 2010-Present

Website design, development and maintenance. Custom WordPress theme and plugin development. Tradeshow presentation design and development. Business Card and other print design. Search Engine Optimization(SEO) services .

Tools: CSS, WordPress, PHP, JavaScript, Flash, Photoshop, Illustrator

### **Informatics Studios**

October 2010-November 2010

Developed websites in Drupal and Wordpress.

Tools: CSS, Drupal, WordPress, JavaScript(jQuery)

### **sunKING Digital**

March 2009-August 2009

Internship. Created CSS style sheets for large company websites such as Heinz and Transitions Lenses.

Tools: HTML, PHP, CSS, ActionScript, Flash, Umbraco

## EXPERIENCE:

### **Tailored Marketing Inc.**

[www.tailoredmarketing.com](http://www.tailoredmarketing.com)

I redesigned and developed the company website from scratch using WordPress, JavaScript (jQuery), CSS, Illustrator and Flash. The redesign took the website from not showing up on Google to being in the top 5 for all search terms that are relevant to the company.

### **Pittsburgh Green Workplace Challenge**

[www.greenchallenge.c4spgh.org](http://www.greenchallenge.c4spgh.org)

I built this site from scratch using WordPress, CSS, Illustrator, JavaScript (jQuery), and Ajax. I used a variety of custom and prebuilt plugins to create the complex and unique functionality of the website.

### **LimeLight Images**

[www.limelight-images.com](http://www.limelight-images.com)

I designed and developed this blog based website for an amazing wedding photographer using WordPress, CSS, and Illustrator. I also created the look and feel for his company by creating the logo and color scheme.

### **Camco Physical & Occupational Therapy**

[www.camcoptot.com](http://www.camcoptot.com)

I redesigned and developed website using HTML, MySQL, PHP, JavaScript, CSS, Photoshop.

### **Millennium Torque & Tensioning Inc**

[www.milltorc.com](http://www.milltorc.com)

I designed and developed the website from scratch using HTML, CSS, PHP, Flash, Photoshop, and 3D Studio Max. I went to the company's location to take all pictures for the website. The website includes a 3D animation of the tool that I created in 3D Studio Pro.

### **Heinz**

[www.heinz.com](http://www.heinz.com)

I created the CSS, did cross browser testing, and worked on search engine optimization for the Heinz website.

### **rue 21**

[www.rue21.com](http://www.rue21.com)

I created Flash and JavaScript for the rue21 website's homepage.

## EDUCATION:

### **Art Institute of Pittsburgh**

2007-2009

Bachelors in Web & Interactive Media Design. Graduated with a 3.8 GPA.

**Indiana University of Pennsylvania**  
Bachelors in Sociology, Minor in Communications Media

2001-2006

**AWARDS:**

**Graduated AIP with High Honors**  
**AIP Student of the Quarter**  
**National Technical Honor Society**
